

Acme Corp - IT Security & Remote Equipment Guide

Document Reference: POL-IT-2026-04 | Department: Information Technology

1. Password Security Standards

All corporate user accounts require passwords to be a minimum of 14 characters in length, including at least one uppercase letter, one lowercase letter, one numeric digit, and one special character (!@#\$%^&*). Passwords expire every 90 days.

Multi-Factor Authentication (MFA) via the official Authenticator App is mandatory for all system logins.

2. Remote Access and VPN Usage

Employees connecting from remote locations or home networks **MUST** connect through the Acme Secure VPN (vpn.acme.corp). Connecting to company servers or intranet resources over unsecured public Wi-Fi without VPN is strictly prohibited.

3. Laptop Hardware Replacement & Upgrades

Company-issued laptops are eligible for standard hardware replacement every 3 years. In the event of hardware malfunction or accidental damage, submit a ticket to IT Support (support@acme.corp).

Hardware repair requests are typically fulfilled within 24 to 48 business hours. Temporary loaner laptops are available upon request.
